

Catalog No.	Size
SM 1087	M16

Stahl, brüniert
steel, blackened

Der Rastenspannhebel ersetzt den Schraubenschlüssel und ist vorteilhaft, wenn beim Spannen oft und schnell gewechselt werden muss.

Passend für verstellbare Spanneisen SM 1083 und SM 1084.

The clamping lever replaces the screw wrench and is advantageous if changed often and quickly during clamping.

Suitable for adjustable clamps SM 1083 and SM 1084.
